PROFILE	EDUCATION
Motivated Electrical and Electronics Engineering student with a strong foundation in programming and data structures. Proven ability to apply theoretical knowledge to practical projects, demonstrating problem-solving skills and a commitment to innovation. Eager to leverage technical skills and project experience in a challenging engineering role.	2023-PRESENT(B.TECH) DHANEKULA INSTITUTE OF ENGINEERING AND TECHNOLOGY Electrical and Electronics Engineering-3rd year Current CGPA : 8.05/10.0
PROJECTS	SKILLS
MODERN TRAFFIC MANAGEMENT USING ARDUINO UNO Created an automated traffic signal system aimed at reducing congestion and improving road safety. Utilized sensors and Arduino Uno to dynamically control signal timing based on real-time vehicle density data. Enhanced programming and hardware integration skills through hands-on project execution.	TECHNICAL SKILLS: Programming Languages: C, C++,Python IOT Development Embedded systems Sensor integration Others: Data Structures and Algorithms OTHER SKILLS: Project Management Problem Solving Team Collaboration
CERTIFICATES	POSITIONS OF RESPONSIBILITY
Python Programming – Swayam NPTEL (2024) C++ Problem Solving – HackerRank (3 Stars)	
ACHIEVEMENTS & AWARDS	Member – Academic Curriculum Group, EEE Branch, DhaneKula Institute of Engineering and Technology Training and Placements Coordinator – EEE Branch, DhaneKula Institute of Engineering and Technology
3rd Prize – Black Box Challenge, Potti Sriramulu College Fest (Cash Prize: ₹2000) 2nd Prize – Quiz Competition, DhaneKula Institute of Engineering and Technology Fest (Cash Prize: ₹1000)
